

Job Opportunities

We are pleased to report that the City of Valparaiso has received CDBG funds to improve the City's sewer collection system. In an effort to encourage participating contractors to hire Section 3 residents, we will have copies of a Section 3 Contact Information Form available at City Hall. A copy of all completed forms will be provided to the awarded Contractor and Subcontractors should they need to hire additional persons to complete the project. *Please note, completing the [Section 3 Contact Information Form](#) does not guarantee your employment with the awarded Contractor and/or Subcontractors.*

Applicants may download and print applications in PDF or Word format to apply for employment opportunities. Print applications are also available for pickup at City Hall located at 465 Valparaiso Parkway, Valparaiso, FL. 32580. Completed applications are accepted by personal delivery or by mail only.

The City of Valparaiso is an Equal Employment Opportunity Employer and does not discriminate on the basis of race, color, creed, religion, gender, age, political affiliation, citizenship, marital status, disability, national origin or any other legally protected status.
